## **TO WHOM IT MAY CONCERN:**

I am writing this letter of reference on behalf of Sean Ibrahim, associated with technical services he has provided for me during the past six months. First, I hired Mr. Ibrahim as a contractor when I moved into my current office building in the summer of 2009. I hired him to install all telephone and media cables/wiring. He performed all interior wiring and enabled my telephone, internet, and computer-related services throughout my office. I found his work to be quick and efficient, and the quality of his services was excellent.

Additionally, I have hired Mr. Ibrahim for subsequent computer-related services in my place of business, which is a healthcare-related business. He performed extensive repair, cleaning, devirusing services, etc., on both on my office and home computers. His work was consistently efficient, and he was diligent to see tasks through to their completion. I also found him to be personable and easy to work with.

Please feel free to contact me if there are further questions regarding my work with Mr. Ibrahim. I am happy to recommend his services to you.
